Hi Annabel,

I have been meaning to talk to you for the past couple of weeks. My job responsibilities have shifted at work and as a result I am on the road traveling quite a bit. As you might have noticed in the past few months I had to miss three HHSC commission meetings. Most of my visits last anywhere from 4 days to 7 days and require me to travel to Asia on business. I am scheduled to travel again on June 21st and will be away for a week or so. Obviously I can't make it to the June meeting.

When I had signed up to serve on the HHSC commission I was motivated by reasons of volunteerism and giving back to the community, unfortunately at this point in my life my work life is affecting my contribution to the HHSC commission. Nevertheless I am still motivated to volunteer and contribute to the community in any way possible. I am hoping at some point in the near future (maybe a year or so) I will have more time to participate more actively.

Please consider this email as my resignation letter effective June 21st. I will attend the May meeting to communicate my decision to other commissioners. It was a pleasure working with you, Anna and all the hardworking diligent staff of HHSC department. I wish you and your staff all the best.

Thanks and regards,
Vinay Bannai

Department of Parks and Recreation

Dear Mayor and Council Members:

It is with a great deal of consideration, deliberation, forethought and on the advise of my Primary Physician that I have chosen to submit my resignation as Commssioner of Parks and Recreation as of this date.

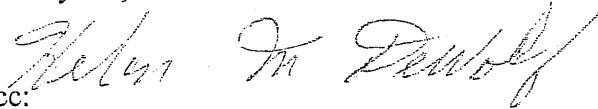

I especially wish to thank Robert Walker, Cathy Merrill, Karen Smith and Iona Bell for all the kindness, guidance and tutorage they have shown me during my tenure in office.

My experience on this commission was positive in so many ways, and the dedication of its members is to be commended. However this experience has also led me to believe that a more balanced view point could be achieved on this commission if its members were more diversified in terms of gender.

As a very civic-minded woman, I will continue to wish the Parks and Recreation Commission well in their important role of advising the City Council. I also plan to continue being active in the community, especially in the operation of the Sunnyvale Senior Center.

Yours sincerely:

Helen M. DeWolf
